

About the Author T. M. Brown is a Southern boy at heart, although he's lived and traveled in many states far removed from his beloved boyhood roots in Georgia and Florida. He returned to his Southern roots several years ago while his two sons were still in school and regularly traveled throughout the South before returning to college shortly after his youngest son graduated. In the last fifteen years he has preached, taught and coached in Alabama, Georgia and Florida until his wife and he moved outside of Atlanta and retired to write, travel, and spoil grandchildren.
